Reasonable Redistricting Reform**

**PEOPLE  
POWERED**  
FAIR MAPS™

I, \_\_\_\_\_, endorse the five principles for  
a **Reasonable Redistricting Commission** to draw our electoral maps:

1. Include **the legislature** in the process, such as by naming some of the  
commission's members
2. Include **citizens and/or impartial experts** as commission members,  
reflecting the state's racial and other diversity
3. Set **strict rules for the commission's work** that:
  - a. apply **traditional redistricting standards** (compact, contiguous,  
keep local government units and communities of interest whole)
  - b. do not allow the use of **partisan data** or **partisan objectives**
  - c. use voting rules that **require bipartisan support** for the maps
4. Provide for extensive **citizen participation and transparency**
5. Make the **maps final on the commission's vote**
